WHEN IS A SALOON A SALOON, OR WHEN IS IT NOT A SALOON?

Court Rules It's a Saloon Only When It Sells More Than Half of 1 Per Cent.

The Appellate Division of the San rome Court unanimously held to-day hat a saloon is not a saloon when t ceases to dispense spirits or mait iquors containing more than the one-half of one per cent, by volume' rescribed in the Volstead act.

The court held that Mrs. Lucy E. Doherty was entitled to recover only Eckstein, Brewing Company, instead of \$450 as claimed. The defendant set forth that the

case provided the property should be used "as a saloon only," and that Prohibition had invalidated the lease. the plaintiff contended a saloon gets ts title not only by virtue of the Icoholic beverages it dispenses, but because of its sale of "cigars, olgarttes and soft stuff as well."

The court called attention to other ulings that a saloon lease is automatically void where liquor is sold

STREET CAR CO. **BEGS TO HAVE ITS FARES CUT IN TWO**

No. You Are Wrong; Guess Again; It Is NOT the Interborough!

JOLIET, Ill., Dec. 2 .- The most extraordinary request ever made by a public utility company has come from the Jollet Street Car Company. It asked the Illinois Commerce Commission, the rate-making body, to lower its fares from 10 cents to 5 cents. Wages have been cut in factories and stee! mills and the reduction in fares is cited as suggesting relief for the workers.

Senator Richard J. Barr, representing the Chicago and Jollet Italiway, the first street car company in the State to secure a 10-cent fare, made the formai request of the commission.

"We propose," said he, "to sell fickets for 75 cents at the beginning of the month which on presentation permit the pussenger to pay a 5-cent cash fare."
